Major Highlights that make this build unique is that it's a new twist of a custom LIMO design. Jeremy's builds always focus on maximum brand visibility. It's been stretched 48" with an 80" dual suicide door entry. This style build makes for a great display car for interaction with its consumers and end users.

2010 CARTEL Build Team:

Jeremy Lookofsky (CARTEL KING), Dominick Vitelli (Quality Coach), Josh Villepigue and Pauly Riviera
